

Lakeland Pantry

Additional Intake Form

Did you know that some organizations that provide charitable funds to food pantries request additional data such as veteran status, ethnicity, race, and/or gender information as a condition for financial support of the food program. **With your support, you can us help advance our important mission.**

Lakeland Pantry is requesting your voluntary support to provide this information to help continue our charitable mission for our community. All answers will be strictly confidential, and compiled to apply for potential charitable grants for the Lakeland Pantry as requested. Please know that completion of this form is optional, and will not in any way affect your ability to receive food from Lakeland Pantry. We appreciate the information you share with us and as a pantry, all volunteers and staff are required to sign confidentiality and ethics policies annually.

Thank you for your consideration and support,

Lorna Springate, Lakeland Pantry Director
